

Educational Opportunity Center (EOC)

Educational Opportunity Center (EOC) is a federally funded TRiO program assisting college-ready Maui County residents who want to enter a postsecondary educational program. The EOC services are free to those who are qualified as low-income, first-generation to college (*those whose parents did not attend college*), and veterans. In addition, outreach and services visits are made to local high schools and community agencies. EOC offices are located on the Kahului campus and at the Moloka'i Education Center.

EOC services include comprehensive and educational information for any college or university, pre-admission advising, college admission application, Free Application for Federal Student Aid (FAFSA) application, college scholarships, financial literacy, career exploration, and resume building.

EOC advising is available to assist prospective students in making appropriate educational decisions by assessing their educational needs, career interests, and academic qualifications.
